**FORTBRAND SERVICES, INC., AND AL-JON MANUFACTURING LLC ANNOUNCE THE SALE OF NINE VAMMAS PSB 5500 MULTI-FUNCTION SNOW REMOVAL VEHICLES TO THE CINCINNATI-NORTHERN KENTUCKY INTERNATIONAL AIRPORT (CVG).**

Plainview, New York, May 1, 2011

Fortbrand Services, Inc., the exclusive worldwide distributor of the Vammas snow removal product line, and Al-jon Manufacturing LLC, manufacturer of the Vammas snow removal product line, today announced the sale of nine Vammas PSB 5500 multi-function snow removal vehicles to the Kenton County Airport Board for use at Cincinnati-Northern Kentucky International Airport (CVG).

The units will be delivered during the 2011-2012 winter season, with the first delivery occurring in November 2011. The units will have the latest Vammas technology, including the P8400 flexible polyethylene moldboard plow and a 46" wafer broom.

Vammas PSB vehicles have revolutionized the method by which snow removal is accomplished on runways and taxiways at major North American airports. The reliability of Vammas PSB vehicles in clearing runways within predictable minimal time frames has resulted in aircraft arrival rate increases and substantial savings in delay costs to the airlines, as well as a reduction in operating, maintenance and human resource costs for airport operators.

*Fortbrand Services is a niche business specializing in the sale, lease and rental of aircraft ground support equipment throughout the aviation industry. The Company also acts as a distributor of unique aviation and airfield maintenance equipment, including high-speed Vammas snow removal vehicles, the multi-function Hagie GST 20 sprayer and the Beam VX800 multi-task vehicle.*
