FORTBRAND SERVICES, INC., AND BEAM A/S ANNOUNCE THE PURCHASE OF ONE BEAM VX800 BY THE CITY OF ATLANTA

Plainview, New York, May 1, 2009

Fortbrand Services, Inc., the exclusive North American distributor for Beam A/S, a Danish manufacturer of specialized, high performance airport sweepers, announces a purchase order for one (1) model VX800 Multi-Task Airport Service Vehicle by the City of Atlanta for use at Hartsfield-Jackson Atlanta International Airport (ATL).

The VX800 is a self-contained, one operator vehicle capable of performing a number of tasks typically required for the proper maintenance of airfield facilities. The working components are mounted on a U.S. manufactured chassis and are comprised of a heavy duty stainless steel hopper and water and detergent tanks. Primarily designed for runway rubber removal, the VX800 Multi-Task Airport Service Vehicle is also capable of performing apron sweeping and scrubbing, runway sweeping, street sweeping and various liquid or debris pick-up through its full width suction nozzles and wander hose.

When required, the VX800 has a hot water system capable of delivering high pressure hot water through its spray bars or a hand wand.

Fortbrand Services is a niche business specializing in the sale, lease and rental of aircraft ground support equipment throughout the aviation industry. The Company also is a distributor for unique airfield maintenance equipment, including the Hagie/Vammas PSB 5500, Hagie GST 20 Sprayer, Fresia F2000 Compact Sweeper and Beam VX 800 Multi-Task Airport Service Vehicle.
