FORTBRAND SERVICES, INC., AND C&C MANUFACTURING LLC ANNOUNCE THE DELIVERY OF SIX VAMMAS PSB 5500 MULTI-FUNCTION SNOW REMOVAL VEHICLES TO DETROIT METROPOLITAN WAYNE COUNTY AIRPORT (DTW)

Plainview, New York, March 31, 2018

Fortbrand Services, Inc., the exclusive worldwide distributor of the Vammas snow removal product line, and C&C Manufacturing LLC, the North American manufacturer of the Vammas snow removal product line, today announced the delivery of six (6) additional Vammas PSB 5500 multi-function snow removal vehicles to the Wayne County Airport Authority for use at Detroit Metropolitan Wayne County Airport (DTW).

The purchase increases DTW's Vammas PSB 5500 fleet to twenty (20) vehicles. The units have the latest Vammas technology, including Volvo Tier 4 engines, the P8400 flexible polyethylene moldboard plow and a 46" wafer broom. DTW's purchase was the result of an evaluation of their current Vammas fleet, as compared to other equipment, as well as a desire to maintain a fleet with commonality of spare parts and operating characteristics.

Fortbrand Services is a niche business specializing in the sale, lease and rental of aircraft ground support equipment throughout the aviation industry. The Company also acts as a distributor of unique aviation and airfield maintenance equipment, including high-speed Vammas snow removal vehicles, the Beam multi-task airport service vehicle and glycol recovery vehicle, the Bergkamp FP5 flameless pothole patcher, the Prinoth SW4S all season snow removal and summer maintenance vehicle and the Prinoth Husky and Bison snow groomers.
